

## **NEWS OF THE DAY**

### **Clay Modeling Competition**

Clay modeling is a great way to develop a child's fine motor skills, imagination and spark creativity. Keeping this in mind, clay modeling competition was organized for grade 1 on 6th May, 2019 wherein students participated enthusiastically. Students presented clay models on the topic 'summer'. The main objective of the competition was to stimulate the imagination of the children and enable them to give a better shape to their creativity and develop speaking skills.

### **Rags to riches competition**

Making the best out of waste has been a part of human life since the early ages. With this broad 'RAGS TO RICHES COMPETITION' was organized for classes 2 and 3. Mind-blowing, beyond expectation, fantabulous ideas were demonstrated by students. Right from waste ropes to broken bangles, plastic bangles, waste nails to broken door handles every waste material was used and the result was a hall full of projects made out of waste.

### **Calligram competition**

Children learn best when provided with opportunities to learn and explore.

To inculcate the values and love for school, Calligram Competition was organised for the classes 4 and 5. They used their best of vocabulary and spread the magic of words on the sheets by depicting images of 'My School'. Words were arranged in a picturesque from small to medium to big in such a manner that the picture at first glance gives clear message and shows clear picture of the school they dream of.
