

# *See Hear and Understand*

*Stop, look and listen  
Before you cross the street.  
First use your eyes,  
Then use your ears,  
Before you use your feet.*

*The red's on top  
The green's below  
The red means stop  
The green means go  
The yellow light is in between  
and it means no crossing.*

Keeping the above poetry in mind, the students of Grade Pre school and Pre Primary experienced the visitor of the month who was a Traffic Policeman . The entire assembly ground was decorated as the road with signals and zebra crossing. Toy cars were also displayed on the roads to give a feel of a road scene to the tiny tots. The children were well explained about the traffic rules by the traffic policeman. The entire session was an informative one for the little ones.
