

MOCK DRILL(NUR-V)

To educate and train the students for an unforeseen emergency situation like fire, the school conducted a mock exercise and evacuation drill on 14th January 2019. A mock fire and evacuation drill was conducted from classes Nursery to V.

Few teachers positioned themselves at vantage points to guide and assist the students in the mock evacuation drill.

The “evacuation” operation began just after the fire alarm alerted the students. The students were immediately evacuated from their classrooms and asked to gather at the assembly area.

The mock drill was carried out in the school to prepare students and teachers for any such eventuality under the fire risk reduction programme. It was organized to make the students and staff aware about the Fire Fighting rescue operation.
