

“IMAGINATION BROUGHT TO LIFE”

Tiny tots are very imaginative and creative. They proved this today when they were given a platform to prepare something with their own imagination from the waste. The little ones of Grade Pre-School and Pre- Primary were very eager and excited to participate in the BEST OUT OF WASTE COMPETITION. They came up with beautiful master pieces and left all in a great surprise. They prepared things like – Wall Hangings, Watches, Models of candle light dinner etc. Their imaginative ideas brought to life were appreciated by the Principal and Teachers.
