

## “A LOVELY DAY OUT”

Excursion serves as a great learning experience for the kids. The tiny tots of Grade Pre- School and Pre-Primary visited India Gate and Children’s Park today. The little ones were taken to the Amar Jyoti and were well explained about its importance. They enjoyed the swings at children’s park and had a lunch sharing treat at India Gate. The little ones were very excited and also played many games with their friends and teachers. It was a great day out for them and they enjoyed the excursion to the fullest.
