

NEWS OF THE DAY

SHOW AND TELL ACTIVITY

Show and Tell isn't just about giving the kids a reason for bringing props to the class, even the child's social, emotional and language skills grow and develop through this activity. Keeping this in mind, Show and Tell activity was conducted for the little ones of Pre- School and Pre-Primary on topic "Means of transport". Students brought a number of different objects like Car, tractor, bike, helicopter etc. and described the same in an innovative way with confidence, facial expression and voice modulation. The activity proved to be prolific and enhanced the oratory skills of the children.
