

Exhibition 'Creations'

The exhibition creations was held at the premises of Vivekanand School, Preet Vihar today i.e. 30/7/16 which helped to develop several concepts through physical and three dimensional approach. There were many enthusiasts who briefed the visitors about the display work exhibited in the various rooms. There were subject wise display of the young vivians and the parents were overwhelmed to see their child's work being displayed. The exhibition was one of the most effective, engaging and appropriate method of communicating a message through Maths, Science, Languages and Social Sciences displays. A wide range of charts, models, scrap files, wall hangings, flash cards, were showcased to develop experiences which resonated with diverse audiences—enabling these targeted audiences to access knowlege and creativity.
