

STORIES ARE GREAT FUN

Imagination give wings to creativity. Story telling is the best way to enhance creativity. Keeping this in mind and making the vivians imaginative an Inter class Story Telling Competition for grade 1-3 was conducted at school today. The little vivians came up with different Panchtantra, Bravery and Moral stories. They recited and enacted the stories along with colourful costumes and handmade props. The children were found confident and without any stage fear. The stories were such that hold the audience well. The entire competition was appreciated by the Principal and the teaching staff.
