## Bimonthly Student Progress Report Initiative For Classes I and II

Dear Parent

*Namaste!*

At Vivekanand School, we believe that a child's success is best nurtured when the school and parents work together as equal partners in the journey of education and character building. With this shared vision, we are pleased to introduce a new initiative for students of Classes I and II.

Beginning this academic year, the school will share student progress reports after every two months to keep you regularly informed about your child's development. These reports will provide a comprehensive overview of your ward's scholastic performance along with key behavioural traits based on basic values.

The reports will be shared digitally through the ERP portal and the school mobile application for your ease of access and convenience.

This initiative aims to:

- Strengthen the partnership between school and home
- Ensure regular and transparent communication
- Help parents monitor progress more effectively
- Provide timely insights for guidance and support
- Encourage continuous improvement in both academics and behaviour

We believe that regular feedback at shorter intervals will help in identifying strengths, addressing concerns promptly, and supporting the holistic growth of every child.

We look forward to your continued cooperation in shaping confident, responsible, and value-driven individuals.

Warm regards,

**Sunita Rajaura**

**Principal (Officiating)**
