Introduction of the Newly Designed School Uniform

Dear Parents,
Namaskaar!

We are pleased to inform you that the newly designed school uniform will be available for the students of **std 6-11** at the uniform shop from the **last week of October**.

While the colour combination for the summer uniform remains unchanged, certain design modifications have been introduced to enhance comfort, uniformity, and presentation. The winter uniform, however, features a new colour combination for the sweater and blazer, bringing a refreshed and distinctive look.

Key details are as follows:

- * The summer uniform for **boys** remains unchanged.
- * For **girls**, the salwar has been replaced with a trouser, and the kurta has been given a refined, contemporary design.
- * During **winters**, students will continue to wear their summer uniform with the newly introduced sweater and blazer in the updated colour combination.

The **SUPW uniform** will continue to be worn during SUPW and Games periods. In winters, it can be paired with the SUPW jacket for added warmth.

We seek your cooperation in ensuring that students adhere to the revised uniform guidelines from the date specified.

Warm regards,

Principal (Officiating)
