Inviting Book Suggestions for the School Library

Dear Students, Parents, and Teachers,

The school library is an integral part of our academic environment—a vital resource center that nurtures curiosity, inspires creativity, and supports lifelong learning. In our continuous effort to make the library collection more diverse, engaging, and relevant, we are delighted to invite you to share your valuable suggestions for books to be added to our shelves.

Your recommendations—whether fiction, non-fiction, reference works, biographies, or books on skill development—will be instrumental in enriching our library and ensuring it caters to the varied interests and educational needs of our entire school community.

Why Your Suggestions Matter

Your participation is crucial because your recommendations will help us:

- Provide books that students genuinely find interesting and motivating.
- Encourage a stronger culture of reading and research within the school community.
- Keep our collection up-to-date and aligned with current trends in education and literature.

We invite all students, parents, and teachers to fill out the suggestion form at the link shared monthly and share your recommendations by the 10th of every month. Staff members who contribute suggestions will be acknowledged on the VConnect.

Your active participation will go a long way in creating a truly vibrant and resourceful library that benefits everyone.

Thank you for your cooperation and continued support in this important endeavor.

Warm regards,

Poonam Sharma
