## Mandatory Mathematics Academic Intervention Plan for XA, XH & Target Group Students

Dear Parents,  
Namaskar!

At this crucial juncture of the academic session, and keeping in view the forthcoming **CBSE Board Examination**, the school has devised a well-structured, intensive Mathematics Academic Intervention Plan for students of **Class XA, XH & Target Group**. This plan has been thoughtfully designed to strengthen conceptual clarity, enhance exam readiness, and improve performance through continuous practice and timely guidance.

### Key Component: 14-Day Daily Test Series (26th January – 8th February)

Under this plan, a daily Mathematics worksheet of 25 marks (50 minutes) will be shared with students every morning before 8:00 a.m.

- Chapter-wise worksheets for the first 7 days
- Assorted worksheets (entire syllabus) for the next 7 days

### Role & Responsibilities of Parents (MANDATORY)

Parents are required to strictly ensure the following on a daily basis:

- Your ward attempts the worksheet on the same day without fail.
- The worksheet is checked by parents using the shared marking scheme at 8:00 p.m. on the same day.
- The checked and marked answer sheet (PDF) is shared in the respective WhatsApp group with the Mathematics teacher.
- Parents must fill the Google Form daily to mark the attendance of worksheet attempt for their ward.

**Non-compliance will be viewed seriously** as this academic support initiative is crucial for Board preparedness.

### Mathematics Marathons – Mandatory Attendance

Three full-day Mathematics Marathons covering all types of questions from the entire syllabus will be conducted on:

- 9th February
- 11th February
- 13th February

Attendance in all Marathon sessions is compulsory. Parents must ensure 100% participation of their ward in these sessions.

### **Why This Plan Is Important**

- Ensures daily disciplined practice
- Builds examination temperament
- Provides continuous evaluation and academic follow-up
- Strengthens weak areas before the Board Examination
- Encourages strong parent–teacher collaboration

The school seeks your wholehearted cooperation and commitment to ensure the academic success of your ward.

Warm Regards,

Poonam Sharma  
Principal (Officiating)
