Prayas PTM

Dear Parent
Namaskar!

You are hereby intimated that the performance of your ward in the Half Yearly Exams has been unsatisfactory, contrary to the high achievement goals and standard set by the school. Since we are just few months away from the Board exam so to discuss the academic performance of your ward with the subject teachers, it is mandatory for you to attend a special **PTM Prayas” on 14 October 2023** from **11 AM-1.15 PM** in the school auditorium.

‘Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations’. While the school is working tirelessly and zealously to boost the students’ performance, its highly disappointing that the requisite support and fervour is missing on your part. In view of the dire need for enhanced input and efforts to augment the Academic result of the underachievers, school has already initiated extensive Remedial classes. It is mandatory for your ward to attend these remedial classes.

Coming together is a beginning;
Keeping together is progress;
Working together is success.

We are positive that our joint efforts will make a difference & bring a visible outcome in the Academic result of your ward. You are also required to personally supervise and monitor your ward at home, to ensure that optimum utilisation of the limited time in hand is made.

Your undivided support in the accomplishment of the school’s humble goals is solicited.

With best wishes
Poonam Sharma
Principal (officiating)
