*"Education is the manifestation of the
perfection, already inherent in man"*

Swami Vivekanand

Deepening Roots | Broadening Vision

*Education is not
the amount of information
that is put into your brain
and runs riot there, undigested all your life.
We must have life-building, man-making,
character-making, assimilation of ideas.
If you have assimilated five ideas
and made them your life
and character,
you have more education
than any man
who has got by heart a whole library.*

Swami Vivekanand

When it comes to learning in the 21st century, Vivekanand School leads the way. Even as we impart knowledge and skills in students to match the advancement in technology and globalization, we ensure that the importance of being a good human being and philanthropy is instilled in their roots.

Life at Vivekanand School is a celebration each day with exuberance of energy and creativity. Education interfused with experimentation and discovery gives students ample opportunities to spread their wings. In the words of Margret Mead, "Children must be taught how to think, not what to think" and to enable this we arrange a plethora of events addressing the issues that are of global importance.

Sprawled in 4 acres in the ostentatious surrounds of Anand Vihar in East Delhi, Vivekanand School boasts of the latest, fangled infrastructure and allied amenities. Affiliated to CBSE, Vivekanand School enjoys the privilege of being considered as one of the premier institutions.

The school endeavors to prepare each Vivian to enter the world with hope in his soul and ecstasy in his heart, to be a responsible future citizen along with being a trailblazer and a leader of tomorrow.

Vivekanand School

Vision

Vivekanand School cherishes an instinct, reaps a trust, carries a mission and nurtures a dream- a dream of deepening roots and broadening vision, a dream of being an exceptional institution anchored firmly in the strong roots of its culture, its spiritualism, its moral strengt, while spreading its branches in the fresh and fragrant air of technology, progress and development.

Mission

Our mission is to impart vibrant, comprehensive innovative learning to our students, wherein mainstream education is well integrated with strong cultural values and social ethos and provide an ideal learning environment and ambience to develop their skills to be strong leaders, managers and entrepreneurs well equipped to meet the challenges.

Our Core Values

TAKE A STAND

We know that it's possible to give every child an opportunity to make a choice. We are smart and strategic about the things we choose to do.

RIGHT IS RIGHT

We hold ourselves and each other to uncommonly high standards. We do what's right for our students even if it's difficult to do.

BALANCE IT

We balance Academics, Athletics and Social Facets of school life so that we develop holistically.

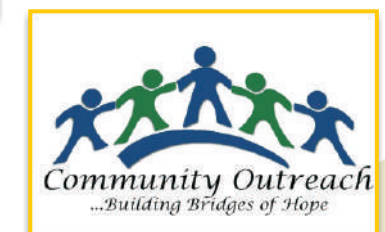

THE JOY FACTOR

We believe that learning should be fun and feel the same way about our work. We celebrate the success big and small, and take the time to appreciate others.

GIVING IT BACK

We consider that giving back to the school or community is a great way to be a positive role model for others and it also helps to promote the idea of service among our future leaders.

Pursuit of Excellence

TEDx VivekanandSchool

TEDxVivekanandSchool, a confluence of the extraordinaire... For ideas worth spreading. Vivekanand School wore a festive look on 9th November, 2017 as it celebrated TEDxVivekanand School, a celebration of Innovation, Inspiration, Knowledge and Ideas.

Celebrating Kalam with an exuberance of energy and creativity, Kalam Children's Festival was hosted by Vivekanand School as a tribute to the great legend, visionary, pioneer, an educator, a torchbearer par excellence for whom sovereign boundaries didn't matter when it came to children and children's education.

SCHOOL RESULTS

We are proud to share that our students have shown excellent academic performance in classes 10th and 12th CBSE Board Examination, year after year.

GREEN INITIATIVES

Vivekanand School boasts of being very actively engrossed and involved in creating environmental awareness among all sections of our society, particularly our school students. We strive consistently to inculcate values of respect, love and concern for nature among them.

We even take pride in holding up the ideologies and racing ahead to be a SwachhVidyalaya a noble initiative undertaken by the Government of India.

SOCIAL OUTREACH

Our mission is to empower students through service experiences and collaborative partnerships, to meaningfully serve our local and global communities as lifelong active, aware and engaged citizens. The Social Outreach Program is a student led program that gives students the opportunity to get involved in community service on a regular basis. Udaan- An evening vocational training school for girls with special needs.

The girls from underprivileged sections of the society take an active part and benefit immensely by learning strokes and punches of martial arts in the school premises. Special motivational movie shows are organised to inspire such children to do better in life.

The Curriculum

“Educating the mind without educating the heart is no education at all”.

Academic pursuits are a significant aspect of a child’s development and hence are given the importance they deserve in the school curriculum. Our detailed curriculum framework encompasses practices from across the globe. We have the proven experience of delivering the CBSE curriculum through our very adept teaching staff. Throughout the school year, a plethora of activities form the back bone of our eminent institution. Integrating the best practices into our teaching, we have put together a modern day curriculum framework for your child. Students are encouraged to learn to realize their potential and to strive to do the best they can!

LEARNING ENVIRONMENT

Vivekanand School is constantly exploring new initiatives which involve a spectrum of activities that aim to bring about holistic development. Blending culture and passion across a diverse creative landscape, Vivekanand School is home to a vibrant and dedicated community which celebrates and practices art in the form of public speaking, visual arts, music, dance and theatre. Symbolically, throughout the year, students embark on self-exploration, in attempt to initiate research and innovation and to provide inspiration and motivation in diverse spheres of learning. A few such opportunities are given through our:

GRANNY'S CORNER

In order to improve the concentration and listening skills and encourage the young minds to imagine, perceive and discuss-keeping up their enthusiasm and excitement, we provide the children with a separate area exclusively for story sessions.

ENRICHMENT CENTER

To enhance children's learning through discovery and play based exploration, our very inviting Montessori lab has the following to offer:

- Pretend Play
- Sensory and Tactile Play
- Block Play
- Puppet Theatre
- Practical Life Experiences

All classes are set up with enhancement corners giving children the opportunity to engage in skills of their choice before they all are brought together for the circle time- a daily practice, which helps strengthen the teacher- student bond and eases their anxiety thus enhancing their comfortability.

OUTDOOR PLAY

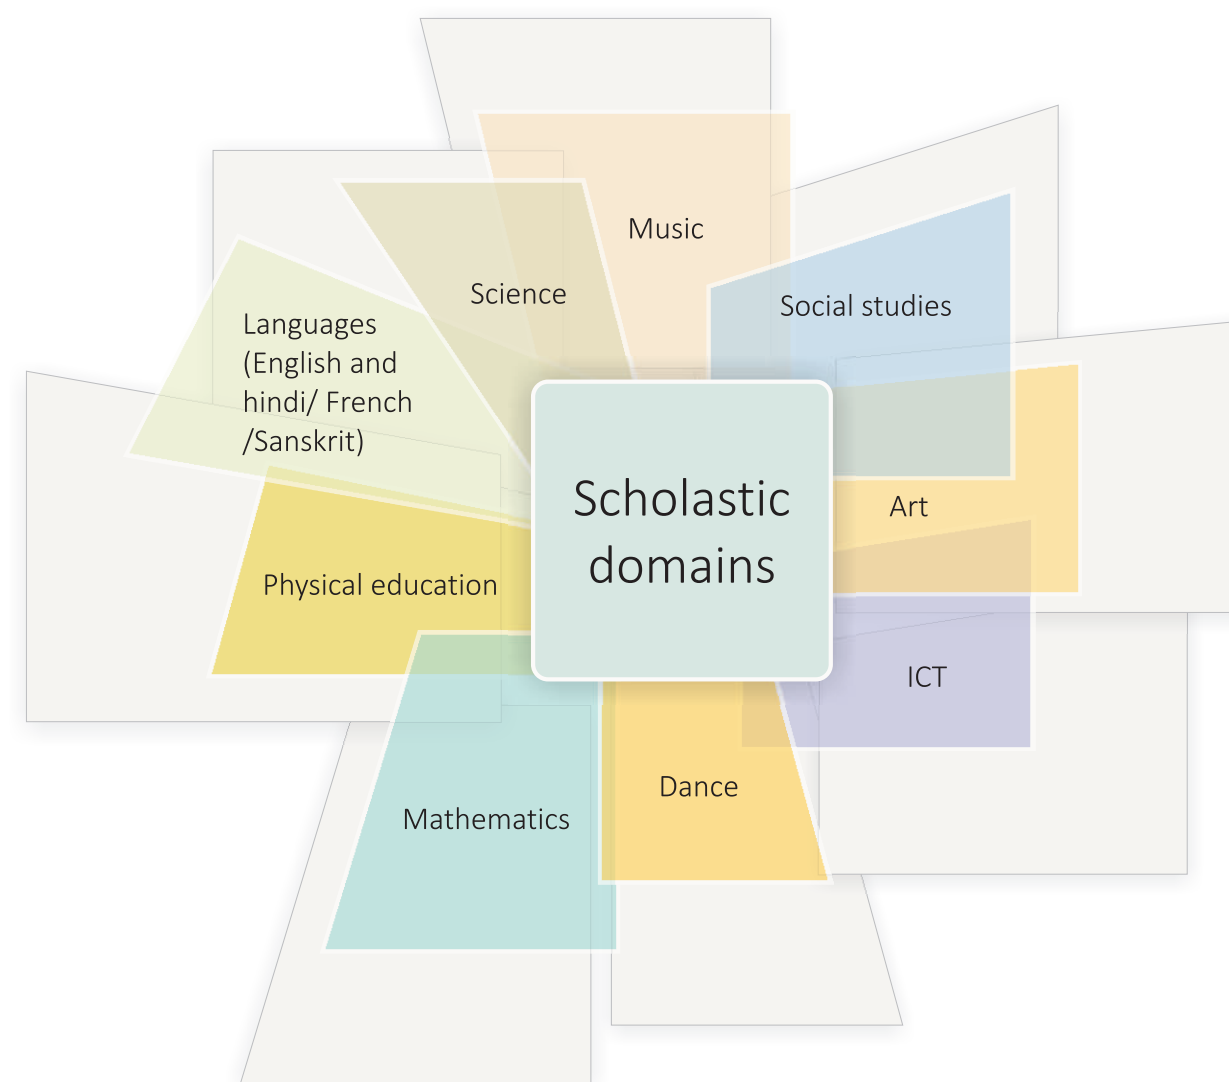

With the objective of developing a healthy and fit generation that grows up to be champions in life, we provide a separate sports curriculum, to constructively channelize the energy and exuberance of the students. Skills such as gross motor, body-management, space- awareness are few that are sharpened to the maximum. The kids' free- play zone is one such thing that focuses primarily on the development of gross motor skills.

FINE ARTS

To help the growth of aesthetic sense and provide a platform to express and showcase their talents, the school provides a positive learning environment.

PRIMARY & MIDDLE SCHOOL

Our well designed and integrated curriculum supports and arouses the innate curiosity of all children and develops the attitudes and skills necessary to gain an understanding of the world around. Through our specially designed curriculum, the students experience the joy of learning, gain a deep understanding of the important concepts, learn to accept personal responsibility for actions, decisions and guided by motivated, well-trained and nurturing teachers. Students learn in a caring environment where their views and ideas are freely expressed and valued. Learning - to - learn approach promotes critical thinking and creativity, encourages research based classroom transactions and teaches respect for individual differences. The curriculum is completely learner - centric, enquiry - based approach to learning. The curriculum content and clearly defined learning outcomes make it compatible with the educational eco-system.

SECONDARY AND SENIOR SECONDARY

The secondary and senior- secondary school curriculum further builds on the skills and knowledge acquired by the students in the earlier classes. The curriculum is delivered through projects and experiential learning modules, to give students a deeper opportunity for engagement with the subject matter. We look towards identifying and supporting each student's potential and recognizing their strengths, as well as building their unique capacities. We aim to create a fine balance between academic excellence, artistic expression, and practical skills supporting the emotional and social development of all students. Life skills like social skills, thinking skills - critical, creative, decision making and problem solving, emotional skills and attitudes and values are embedded in the curriculum. Our ultimate aim is to help children become autonomous learners. Communication skills are a key area we constantly address for our growing learners, both through internal program, as well as by partnering with external experts.

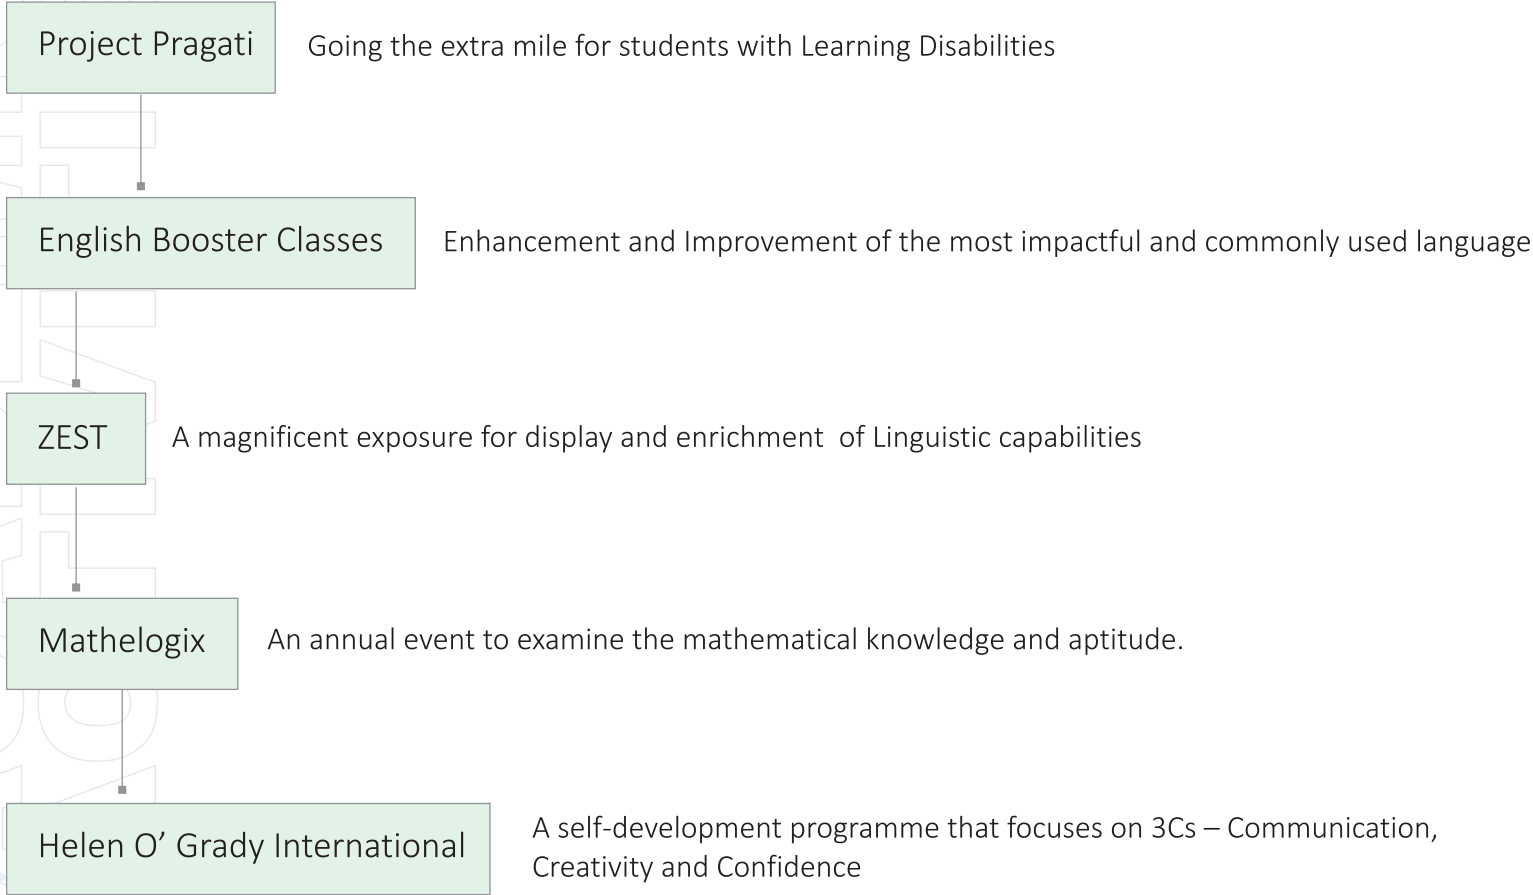

UNIQUE LEARNING ENVIRONMENT

SMART TEACHING AND LEARNING

Smart class is an innovative methodology which aims at transforming the teaching techniques from the traditional industrious method of verbal explanation to a very interactive and graphical presentation, making teaching more interesting for the teachers and learning smooth and fun for the students.

OUR SCHOOL FACILITIES

LIBRARIES

We greatly emphasize and work to develop and enhance the habit of reading among all Vivians. This aim is fulfilled through the opportunity for reading offered at various levels like physical library, online library as well as class library.

ART ENCLOSURE

A dream world for kids where a swish of a paintbrush or a little splotch of glue is all it takes to go from mundane to magnificent. Armed with a dash of colours and a whole lot of fun, discover easy-to-make art and craft projects that will brighten up your day.

ATAL TINKERING LABORATORIE

Curiosity, reactivity and imagination is cultivated in young minds by inculcating skills like computational thinking, adaptive learning and physical computing to groom them as innovators.

MATH LAB

Our Math Lab supports to learn better and understand mathematics. To accomplish this we strive to provide students with an atmosphere that is friendly, welcoming, and that helps them to become independent learners.

SCIENCE LABS

A scientific temperament is fostered through fully equipped and befittingly designed laboratories for Physics, Chemistry and Biology. Students are encouraged to use the facilities for enhancing their innovative and scientific skills.

DANCE AND MUSIC ROOM

A separate well equipped Dance and Music Room, with the required acoustics, is ready to train the students in all forms of dancing, ranging from the traditional dance forms to the modern Cha ChaCha, Salsa, Jive and many more and listen to the pleasant sound (vocal or instrumental) that leads students to experience harmony and higher happiness.

ENERGY CENTRE

The word yoga means "to yoke" or "union". Yoga is the fusion of one's individual self with the infinite universal consciousness. To strengthen the core of Vivians, a well-lit and ventilated Yogshala has been incorporated in the school premises. It will aid in promoting strength, stamina, endurance and high energy at the physical and spiritual aspects.

SMART CLASSES

An innovative methodology which aims at transforming teaching techniques to make teaching learning process interesting by using interactive and graphical presentation.

STORY AREA

To create magic and a sense of wonder at the world and to develop an innate love for stories, a story area is created for the kids to listen to various stories and share their favourite ones too.

IDEATION ROOM

An exuberant and exhilarating ideatio room is the essential part of our school which provides the facility to ponder upon the new and old policies to take appropriate decision favouring the growth and development of Vivians.

STEMOSPHERE

It focuses on the four academic disciplines of Science, Technology, Engineering, and Mathematics. It is designed to help students develop the critical thinking, problem solving, and analytical skills that are necessary to succeed in these fields and in the modern workforce. STEM education emphasizes hands-on learning, project-based learning, and inquiry based learning, which allow students to apply what they learn to real-world situations. It also encourages creativity, innovation, and collaboration, as students work together to solve problems and design solutions.

MONTESSORI LAB

The Montessori lab caters to the diverse interests and abilities and nurturing the potentials of the children. The lab is designed to provide hands-on practical experience to the little ones. Here the children's fledging creative skills are encouraged and enhanced.

PLAY AREA

Outdoor play area is a place where children's play can take off and flourish. The play area is large enough and designed in such a way that children's play can come to full expression, where they can make a mess, run, jump and hide, where they can shout, whistle, explore and learn.

ICT FACILITIES

State of art ICT laboratories, for the primary, middle and senior levels, help foster technological skills. Students design websites and create software programs, in keeping with international requirements.

LANGUAGE LABS

The language labs facilitate classroom engagement and interaction via computer-based exercises and activities to maximize language immersion. Language labs also provide scope for using English language through games and practice exercises, to polish concepts learnt during classroom sessions.

OPEN GYM

Health and well-being of Vivians is utmost priority at school for the same an open gym is an add on feature post pandemic as it reduces the chances of infections and also ensures a daily dose of sunshine that in turn improve immunity, intake of Vitamin D and sets circadian rhythm in place.

Safety & Security

Safety and Security of the students is of paramount importance and concern for us. We, very efficiently have been carrying the onus of providing a safe and secure environment to each and every child who enters the school premises. A few of the safety measures being practised very religiously to ensure each child's well-being are:

- ▶ 24X7 CCTV coverage and recording by cameras installed in various areas of the school and within the fleet of buses plying to and fro on the various routes.
- ▶ The anti-climb measures for the entire boundary wall, like barbed wire mesh and broken glasses, are used to restrict any infiltrations.
- ▶ The school building is not accessible to any drivers, conductors, gardeners, etc. Separate washroom, restroom and area for drinking water have been provided to them.
- ▶ All washrooms of Primary wing are supervised by lady attendants. Teachers take frequent rounds in these areas.
- ▶ The dispersal of students is done meticulously by the teachers themselves. On footers are handed over to the parents by the teachers only.
- ▶ Police verification of all teaching and non-teaching staff has been done to strengthen the system further.
- ▶ The use of ACCESS CARDS has made our school security system, flawless.

Transport facility

The school has a fleet of air conditioned buses which ply on all routes in and around Delhi, UP and NCR regions. The routes followed by the buses are drawn up well in advance. Buses are equipped with GPS tracking. To ensure complete safety and security of the children using bus facility, a school staff or an attendant is always present in the bus to assist and supervise the children while traveling to and fro.
